

ESTIMATING THE BREAK AND STROKING THE PUTT ON LINE						
DISTANCE OF PUTT IN FEET: 20 YOUR NAME: RON CHARLES , DATE 8-5-2012						
		IF MORE THAN ONE ESTIMATE				
		1 ST EST.	2 ND EST.	3 RD EST.	4 TH EST.	5 TH EST.
1	VISUALIZE THE BALL'S <u>STARTING</u> LINE FOR THE FIRST INCH OR TWO. EXTEND THIS STRAIGHT LINE 17 INCHES PAST THE CUP. PUT A TEE OR GREEN REPAIR TOOL IN THAT SPOT. I DID THIS, Y OR N?					
2	TO ACT AS A GATE, PLACE TWO TEES FOUR INCHES APART AND FOUR FEET FROM THE BALL ON THE LINE THE BALL SHOULD ROLL. DID IT Y /N?					
3	I HIT AT LEAST TEN PUTTS THAT WENT THROUGH THE GATE AND STOPPED IN A SPACE BETWEEN THE CUP AND THREE FEET PAST IT. Y/N?					
2	IF I CHANGED MY ESTIMATE OF THE BREAK, I MEASURED AND RECORDED THE BREAK IN INCHES IN THE BOXES TO THE RIGHT ON THIS ROW. Y OR N?					
3	WAS THE AMOUNT OF ESTIMATED BREAK ON THE 2 ND THROUGH THE 5 TH ESTIMATES (IF ANY) <u>MORE THAN OR LESS THAN THE FIRST ESTIMATE?</u>					
4	ON THE 2 ND TO THE 5 TH ESTIMATE, WAS THE BREAK TO THE CUP IN THE <u>SAME DIRECTION, RIGHT OR LEFT,</u> AS THE FIRST?					
IS A MISSED PUTT CAUSED BY AN ERROR IN THE ESTIMATE OF THE BREAK OR THE STROKE						
1	TWO FEET AHEAD OF THE BALL, PLACE TWO TEES FOUR INCHES APART TO SERVE AS "GATES" THROUGH WHICH THE BALL SHOULD ROLL. I DID THIS AND COUNTED ONLY THOSE PUTTS THAT ROLLED THROUGH THE TWO TEES. Y OR N?					
PERFORMANCE ON EACH PUTT						
1	I AIMED ONLY AT THAT TEE MARKING THE ESTIMATED BREAK ON THIS PUTT, Y OR N?					
2	NUMBER OF PUTTS REACHING THE CUP THAT MISSED <u>ABOVE</u> THE CURVE TO THE CUP. ENTER A "1" AFTER EVERY PUTT.					
3	NUMBER OF PUTTS MISSED <u>BELOW</u> THE CURVE TO THE CUP					
4	PUTTS MISSED <u>ON LINE</u> (E.G., HIT THE CUP)					
CONCLUSIONS ABOUT YOUR FIRST PREDICTION OF THE BREAK (FOR USE ON THE NEXT ESTIMATE)						
1	ON THE <u>LAST ESTIMATE</u> , WAS THE BREAK IN THE <u>SAME DIRECTION</u> AS THE <u>FIRST ESTIMATE</u> , Y OR N?					
2	RATIO OF <u>LAST-BREAK DISTANCE TO FIRST - BREAK DISTANCE</u> . EXAMPLE: LAST ESTIMATE WAS 10 INCHES. THE FIRST WAS 4 INCHES. 10/ 4 = 2.5 TIMES THE FIRST.					
% PUTTS SUNK AT THIS DISTANCE						
1	TOTAL PUTTS TAKEN AT THIS DISTANCE					
2	TOTAL PUTTS SUNK AND % OF TOTAL					
3	TOTAL PUTTS MISSED					
4	TOTAL PUTTS MISSED THAT WENT TO OR BEYOND CUP					
5	% OF PUTTS MISSED ON THE LOW SIDE OF THE CURVE TO THE CUP
